“ I'm sorry to hear of Jean's passing. I have such beautiful memories of Jean when we worked together. She was always very quiet and kind. I loved it whenever she brought in her famous Chinese Egg Rolls for New Years. The whole lab was invited to enjoy them! She was even nice enough to share the recipe with me which I still use. I certainly don't make them as good as Jean did, but I will never forget what a wonderful person she was. Sending sympathy to all of Jean's family.
